B. B. BLASTING TODAY BY MINE CHAMPIONS

Teams From C. & A. and C. O.
Will Perform in Country
Club Grounds.

Two weeks of indefatigable training by members of the Calumet & Arizona and Copper Queen baseball teams have put the men in the black and blue of condition for the contest to be staged this afternoon on the Country Club grounds. The game will be called at 4 p. m. at which time it is calculated that an umpire will be caught and tied to a sacrificial stake from which he will deliver judgment.

The batteries which performed so brilliantly on July 5 for their respective teams will again officiate. "Bud" Yonkum has been hurled since at "Nick" Beddow for a fortnight in order to acquire practice which will insure their doing justice to their teammates on the C. & A. while Harry Ziemer and Roy Mitchell of the Copper Queen champions are known to have reached the ultimate of excellence. "Roaring Bull" Gehring is credited with making a wager to maintain absolute silence throughout the contest in order to devote his entire time to playing ball. Arthur Notman will wear a dark uniform this time, the cloth harmonizing in color with the soil near the pond in right field. Members of the Country Club and their guests are supposed to appear on the scene unarmed. What takes place between the opposing teams can be treated by surgeons from two hospitals of the Warren District. Outside interference will not be tolerated.

Remington-UMC
The Deliberate Choice of the Great Body of American Sportsmen

Nowhere else in the whole field of sport do you find the like of the strong public opinion in favor of Remington-UMC.

This Remington-UMC public opinion has been growing for ninety-nine years. Partly it is due to the achievements of Remington-UMC in the design or construction of Arms and Ammunition. But back of these achievements stands the fact that your American is the most practical-minded sportsman in the world—and the most loyal to the arms and ammunition that give him the service he knows he ought to have.

He it is who is holding up the hands of the Remington-UMC dealer—making the Red Bull Mark of Remington-UMC the Sign of Sportsmen's Headquarters in your own.

There is more Catarrh in this section of the country than all other places put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

BIRTHDAY HONORS TO DAVE FOSTER GIVEN BY HOST OF FRIENDS

Night Engineer at Copper Queen Is Serenaded at His Home on School Hill; Evening of Song and Dance Enjoyed.

Dave Foster, the affable night engineer at the Copper Queen hotel, was honored by his friends, Thursday evening, at his home on School Hill, a party of 18 assembling to mark the occasion of his birthday anniversary by general merry-making and festivities. Foster proved a most hospitable host and the event was, in every respect, a delightful one.

While general sociability comprised an important feature of the evening, dancing was enjoyed until a late hour and songs and joviality played their part in the success of the occasion. Refreshments of cake, fancy food and punch were served. Cheers and clarettes were passed among the men. Foster carried out the time-honored ceremony of cutting the birthday cake and responded to the congratulations of his friends with a speech expressive of extremely pleasant sentiments.

AT 81
PRESCOTT, July 23.—Old in years, poor in purse, but rich in the memories of the past, Edwin D. Payne, who has only a few more miles to travel on life's great highway to reach the goal of all mankind, is here from Memphis, Tenn., seeking admission to the Pioneer Home. His application will be heard shortly by Judge Frank O. Smith, who has just returned from Tucson, where he presided at a noted murder trial.

Payne's life reads like a book. He was born in Michigan 81 years ago, but the gold lust seized his father, he took the boy and fared forth from the old home, booking passage on a vessel around the Horn for San Francisco in 1894. During the voyage his father died. The lad worked in the mines of California until 1899 when he sent for his mother and sisters to join him. The mother died in San Jose and was buried in Sacramento. One of the sisters married Newton Booth, who was governor of California and later United States senator from that state. Payne filled many offices of trust in the Golden state, among them the receivership of the U. S. land office at Visalia.

In 1875 Payne came to Arizona. He joined a prospecting party of 22 men in Prescott in that year and made an eight-months' search for the lost "Adams diggings," which were reported to be located in a valley shaped like a bellows, two peaks at the bottom of the bellows and a large ledge of burned quartz on one side. The party went to the summit of the White mountains, from where the diggings were supposed to be located three days' travel northwest of the highest

peak. The quest was a failure and the party broke up on the San Francisco river. Payne going to Tombstone where he stayed at intervals for three or four years. Then he went down the San Pedro where he has been engaged in mining and prospecting for many years. Mentally, Payne is still vigorous but physically he is a wreck from the hardships of pioneer days, and he now seeks a place to rest and await the summons calling him over the Great Divide.
